## SFF would like to take this opportunity in introducing the latest ST (Stable dyed) Range of Safety films.

*Introducing our NEW Stable Dyed safety film range (or we like to call it our ST range). These films are specifically designed for the automotive industry.*

### *Do you want to install an automotive film that will:*

- Easily mould both horizontally and vertically during installation.
- Not fade easily in the harsh African Climate.
- Minimize the amount of dust particles noticeable by the eye.
- An aesthetically pleasing to the eye.
- Not compromise on safety.
- Cure at a fraction of the time.
- Be reasonably priced.

**Check out our Latest Wallpaper Video!**

*SFF will give your vehicle the protection it requires. With our new ST Safety Range you are guaranteed to get the best quality at the most reasonable prices!*

*We combatted the safety problem by not going with the cheaper glue type film but by using a stable dye. The will last much longer and will not fade easily like the glue type.*

*Our ST film is a 100 micron film but we didn't compromise on safety, it has more glue than the traditional window film.*

*By using the correct installation tools, our ST film will take a fraction of the time to cure than any other film.*

**KEEP YOUR FAMILY SAFE AND RIDE IN STYLE THIS SUMMER!**

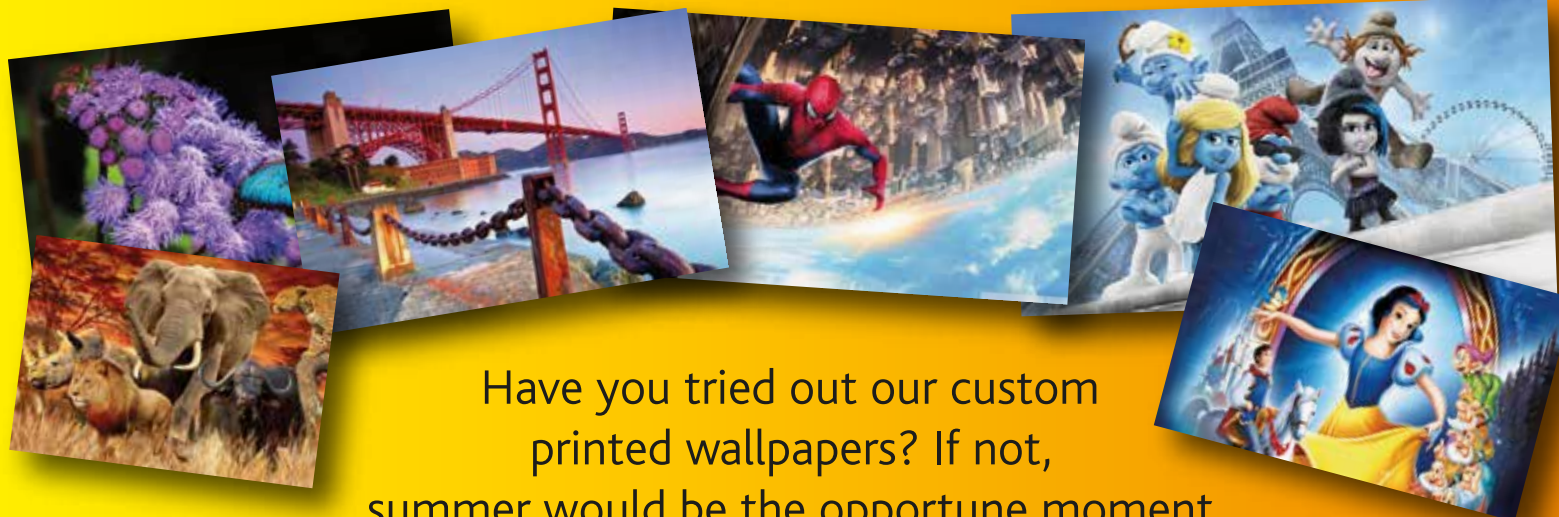

## Get the perfect **SHADE** for your car this **SUMMER!**

Our 100 micron ST Range comes in 3 VLTs i.e. 50%, 35% and 20%. SFF is willing will absorb R1000.00 off a full roll of the ST range and it will now cost R3250.00 per roll excluding vat.

This massive discount is only valid until the **30th January 2014**

Have you tried out our custom printed wallpapers? If not, summer would be the opportune moment to feature a wall at your home or office.

## ***We have a bizarre Special just for you!***

Choose any one of the six images above and we will have it printed for R1000excl vat.  
The standard measurement of 2m x 2m will apply for all images.  
*This offer is valid until the 30th January 2014.*

And this is how **SPECTACULAR** your space will look after adding our custom printed Wallpaper!

*SFF will*  
**CLOSE**  
*19th December 2014  
and will re-open on the  
5th January 2015.*
